The Agronomy club had set many goals for this year that have been accomplished. One was the trip to the potash mines in Canada. The club members had the chance to go over 5000 ft. below the ground surface to watch mining equipment at work retrieving potash. Other places that we toured this year were the Simplot Anhydrous manufacturing plant, Cenex Fertilizer/Chemical Agronomy site, Barley breeding program, and of course other entertaining sites along the way.

Next year we are going to continue with our community service projects roadside cleaning, food drives, and Agriculture Center assistance, and also our hands on trips.

SIFE/Management Club Activities:

The University of Minnesota, Crookston Students In Free Enterprise (SIFE) Chapter/Management Club had a busy year during 98-99. The chapter currently has 16 active members who are primarily business students; however, the club is open to students of all majors.

Highlights of the group's activities included its Annual Fall Craft Show in November, a tour of Digi-Key Corporation in Thief River Falls, Minnesota in February, a trip to the SIFE Regional Exposition in Chicago, IL in April, and a tour of the Winnipeg Free Press Newspaper in Winnipeg, Manitoba, Canada in May.

The chapter also assisted with two Blood Drives on the UMC campus and conducted educational workshops in several regional elementary and high schools. In addition, the group provided services for the Crookston Care & Share Center, the Northwest Mental Health Agency, Northwest Technical College in East Grand Forks, MN, and the Northwest Regional Development Commission.

At the SIFE Exposition in Chicago, IL, the chapter delivered a presentation highlighting all of its educational outreach programs from throughout the year. The UMC chapter competed against other colleges and universities from throughout the Midwest and finished the Exposition being named the First Runner Up. This is the second year of SIFE activities at UMC.

SIFE is a student organization involving over 650 colleges and universities globally. The mission of SIFE is to provide college students the best opportunity to develop leadership, teamwork, and communication skills through learning, practicing, and teaching the principles of free enterprise.

Dietetics Club
During the 1998-99 school year the Dietetics Club took part in many campus activities. The club held a diabetes screening for UMC students and staff. Two cholesterol screenings were held during the year in which the club members helped with paper work and handing out educational information. For Valentine's Day they sold personalized heart shaped cookies for a fundraiser. Several members of the group traveled to the Warren High School and did an educational workshop about nutrition. Some students helped with Ag Activities Day that was held on the UMC Campus. The Dietetics Club is working hard to promote good health & nutrition.

Members include: Nicole Weinmann, Ambreen Piracha, Deanna Larturnus, Haley Woodard, Karolyn Joop, Katie Mergenthal, Sandra Moore, Shannon Stroot, Stacy Olson, Stacy Schultz, Steven Wood, Susan Johnson, Tammy Fass and Amy Bentley.
