

The Oliver Engine Gang Plow

The University of Minnesota School of Agriculture has purchased and is now using an Oliver Engine Gang Plow. We can give the names of many other colleges that have selected the Oliver.

The college trained man has the knowledge to fit him for a successful career. He needs the proper plows and implements to carry on his work successfully.

Oliver Plows and Implements have stood the test of time. Buy an OLIVER and be in position to realize most from your years of training.

The Oliver Line includes High Lift and Low Lift Gang and Sulky Plows, Walking Plows of every style, Walking and Riding Cultivators, Listers, Planters, Traction Plows, Harrows and Winona Wagons.
