

# THE CLASS OF 1918

---

The class of 1918 originated at the Northwest School of Agriculture on October 6, 1915. They have shown their progressiveness and ability in a number of ways, especially in winning the "Class Championship" pennant Hallowe'en night.

Mr. and Mrs. Kennard, our advisers, have through the past two years guided us with an earnest desire to see the 1918 class the biggest success in the history of the school.

Because of our great ability we have not only advanced in our school work, but the boys of the class have established their headquarters at Senior Hall.

---
