The Class of '21 began anew their educational career at the Northwest School of Agriculture on October 7, 1919. Their remarkable progressiveness and ability to do things has established itself upon everyone's mind. Although they lost in the Inter-Class Song Contest, they lost as good sportsman lose.

They have the largest Junior Class in the history of the school. The splendid showing they have thus far made as a class and as individuals, has been due, in a large part, to the generous advice given them by their class advisors, Mr. and Mrs. A. M. Christensen.
