

## Football

Owing to the late opening of school, football has never gained a firm hold at the Northwest school. This year, however, a large number of enthusiastic boys turned out for practice on the opening day of school. The outlook for a winning team was not very bright. Only one or two of the boys had ever played the game before coming to this school. What they lacked in experience, they more than made up for in determination. After two weeks of hard practice and some lively scrimmages with the second team, the rough spots began to disappear. A practice game was played with the Crookston High School team. Although out played by a team which was already in mid-season form, our boys acquitted themselves creditably. Time and again our backs tore thru the opposing line for long gains.

The season was prematurely brought to a close by a heavy fall of snow. All scheduled games were necessarily called off.
