SENIOR BOYS' BASKET BALL TEAM

The class basket ball contest proved very interesting and exciting, both to the players and spectators as well. The class teams were very well matched. The Junior class won the pennant, having won two games from each of the other classes. The Seniors won second place, while the Freshmen had to take third place. A great deal of promising material was given training in the class teams, which should make a whirlwind Aggie team for 1922. The class teams were coached by faculty men, the seniors by R. H. Mueller, the juniors by T. M. McCall, and the freshmen by John Husby.
