Freshman Class History

THE Class of 1927 surpasses in number, brilliancy, and progressiveness, all former Freshmen classes. It is most unusual for a class to break into prominence during its first year of existence, but this class has proved itself an exception to this rule. In athletics and debate, in fact, in all activities they have persistently maintained a most creditable record.

Undoubtedly, much of their success is due to the generous and able guidance given them by their class advisors, Mr. LaVoi and Miss Schenck.

The Class of 1927 is firm in their resolution to allow nothing to interfere with their efforts toward the accomplishment of their aims as expressed in this motto, "Onward Ever, Backward Never."
