

Y. M. C. A. Officers

DAVIDS LUCHAU NESKE

THE Young Men's and Young Women's Christian Associations are the most popular organizations at the Northwest School. They have the largest memberships of all organizations. They develop such qualities of manhood and womanhood as are required for community leadership.

Meetings are held regularly in the dormitories where the students assemble and take part in the discussions. Every Sunday morning Bible classes are held and different studies in the Bible are discussed. On Sunday evenings joint meetings of the Y.M. and Y.W.C.A. are held in the Auditorium and addresses are given to the student body by pastors from the down-town churches and by other outside speakers.

These organizations have brought the students into closer fellowship with one another.

The last year has been very successful and the time spent has been well worth while. The Y.M.C.A. sent the banner delegation to the Older Boys' Conference held in Crookston. The success of these organizations has been due largely to the leadership of members of the faculty.
