

RED RIVER AGGIE

The feature game of the 1929 schedule was the contest with the Grand Rapids Aggies. This was the first athletic combat with that school. Both teams were anxious to have the honor of winning the first game. The Grand Rapids team put up a good fight but the score ended 18-13 in our favor.

The two games at Morris with the West Central School will close the 1929 basketball season. The rivalry between the West Central School and the Northwest School is traditional and both teams will be exceedingly anxious for the victory.

Student support of the team has been excellent. Aggie students have developed a fine school spirit and these athletic contests have aided in achieving this goal.
