FIRST ROW: C. Skoglund, H. Schultz, Lundeen, Ross, Strande, Montbriand, Mortenson, R. Peterson, Boman, Burk.

On October first, 1928, we first assembled for classes at the Northwest School with an enrollment of one hundred and one students, the largest freshman class ever enrolled up to that time.

On October eighteenth our class was organized and Miss Warne and Mrs. Genung were elected as our class advisers.

During our Freshman year we made a creditable showing in our athletic activities, especially basketball, taking first honors and winning the basketball cup.

When we came back as Juniors last fall our enrollment totaled ninety-two. We immediately took up our school work again where we left off, intent on making a still better showing this year than we did in our Freshman year.

This year as Juniors, we have showed great improvement both in class work and outside activities. We took first place in the outdoor festival, tied for first honors in the inter-class football game, won second honors in the song contest and gained first honors in the inter-class judging contest.

We Juniors hope to be back next year and to make one of the best Senior classes in the history of the Northwest School.
