FIRST ROW: Pugh, Tangen, G. Thompson, Solmonson, Torgerson, Simmons, Sandry,
Saunders, A. Smith.

On October 6, 1929, when we came to the Northwest School of Agriculture, we set a new record for having a total enrollment of one hundred and twenty-four, which is the largest Freshman Class in the history of the school.

We came to this school with a thought in our minds to plunge forward, gain knowledge and make the best out of everything.

On October 15, our class was organized, electing Mr. and Mrs. A. A. Dowell as class advisers.

We, the Freshman Class, feel proud of the fact that a number of our members have made the athletic teams. At the outdoor festival and Halloween party we won high honors, although we did take fourth place in the annual song contest.

The Class of 1932, always hopes to be a credit to the Northwest School and make a good record.
