LIVESTOCK JUDGING

The livestock judging team, under the direction of Mr. Kiser, came in contact with very stiff competition in judging contests this year. Although the team placed fifth in the Sub-Collegiate Stock Judging Contest held in connection with the Winter Shows, the members of the squad feel that their efforts were worth-while and will strive for a better record next year.

GRAIN JUDGING

The school can well be proud of the record of the grain judging team this year. In the Sub-Collegiate Grain Judging Contest, the squad placed first in competition with a field of exceptionally well-trained teams. Mr. Clark, the coach of the squad, deserves much credit for the record, as does Robert Larson, high man in the above contest.
