

AGGIES, 0—PARK REGION LUTHER COLLEGE, 0

The 1929 Homecoming at the Northwest School was one of the finest in the history of the institution. The campus was gay with Maroon and Gold, every building being decorated with the school colors. Balloons, streamers and pennants added much color to the game. Students responded lustily to the waving of the cheer leaders and the game was thrilling from the opening kick-off to the final whistle. The Park Region Luther College team journeyed to the Aggie campus from Fergus Falls to participate in the events and the game was hard fought throughout resulting in a scoreless tie. Play for the most part was in the center of the field but the Aggies worked the ball to their opponents five-yard line and fell short of a touchdown just as the game ended.

AGGIES, 41—MODEL HIGH (GRAND FORKS), 0

Flawless teamwork swept the Northwest School Aggies to a 41-0 victory over Model High of Grand Forks in their fifth encounter of the season. Captain Martin Odlund, Crookston, half-back, scored three of his teams six touchdowns while Chauncey Johnson, Detroit Lakes, half-back, scored two and Harold Nelson, Hawley, full-back, scored one.

Immediately after the kickoff the Aggies began their march down the field and scored a touchdown within five minutes of play. The score at the end of the first quarter was 14-0 and the first half ended with the Aggies adding two more touchdowns.

During the second half, with the count at 27-0, Coach Christgau inserted many of his shock troops and the second stringers were responsible for two more markers.

The Aggie line played a powerful game throughout, opening many wide holes for the ball carriers and holding the Model High team to few gains. The entire backfield performed in great shape.
