## Girls' Glee Club

The Girls' Glee Club has been doing very fine work this year. We have been very fortunate in having Miss Norah Hamre as our accompanist.

The Glee Club added very much to the program that was rendered on Parent's Day. They sang two numbers.

On Thanksgiving Day the girls were dressed like Priscilla maidens. They entered from the back of the gym, singing a hymn of praise and bearing candles. They sang one hymn and then marched back in the same manner.

At the Christmas Get Together Banquet the lights were dimmed and to the strains of "Joy to the World" softly played, the girls came in from the back entrance of the Dining Hall. They were all dressed in white, bearing candles. They all gathered around the piano singing the song "Silent Night."

The Glee Club is under the direction of Miss Hildur Peterson.
