

And Around the Campus

BOYS' POW WOW AND GIRLS' FROLIC

These two events are among the first to take place in the fall. They are unusually successful in getting everyone acquainted with everyone else and in allaying the pangs of nostalgia.

THE OUTDOOR FESTIVAL

Baked beans and races, cocoa and bonfires, bright lights and enthusiastic class yells, three-legged races and bright red apples, all mixed up in one loud, happy group of students, these are the component parts of the outdoor festival in the fall. Even a constant rain which threatened to break up everything could not stop the Seniors from coming out victorious in the scuffle last fall.

ARMISTICE DAY

Among the first programs held in the new Gymnasium before the completion of the auditorium was the Armistice day program. Congressman Selvig gave an address and then, led by the American Legion Drum Corps, we marched to the monument to pay tribute to our heroic dead.

THE SONG CONTEST

"One, two, three, sing! No, you didn't all come in on time!" But the final night when the classes marched up in turn to sing their songs, led by student leaders and accompanied by student pianists, they not only came in on time but thrilled their listeners with their fine appearance and their splendid singing. For two years the Advanced Class has won this famous contest.

COMMENCEMENT

Baccalaureate, the Declamatory Contest, the President's reception, the Music recital, Dinner, Class day exercises, and in the evening Commencement, and the breathless rush of Commencement week is over, another year is gone, and we go home again.
