Class of 1932

In our quest for knowledge, we, the Class of 1932, arrived on the Northwest School Campus in the fall of 1929. Though our teams often met defeat at the hands of the upper classes during our Freshman year, the records show that we were well represented in all leading activities. We are proud of the fact that we were the largest Freshman class that ever attended the Northwest School.

In 1930 we returned to continue our education and again made an enviable record with many of our group taking part in the extra curricular activities.

When we returned last fall, we found that many were unable to continue their work as Seniors, due to the disastrous agricultural depression. A goodly number did, however, assemble for the first class meeting of the year. Realizing that the Senior year would be our year of greatest achievement, we redoubled our efforts to accomplish things worth while. The wonderful cooperation that was so much in evidence during our Freshman and Junior years has continued to the day of graduation.

We have been fortunate in having Superintendent and Mrs. A. A. Dowell as our Class advisers and through their guidance we have had a very happy and successful career at the Northwest School. We are proud of our athletes and debaters and of the prominent part the class has taken in the many outside activities. All members of the class have been loyal to our colors, Blue and Gold, and we have endeavored to live up to our motto, "Success comes to those who hustle wisely."
