 Second Row—Greenley, Holmgren, Krogman, P. Hanson
 Bottom Row—Sargent, Mr. McGenty, Donley.

Debate

Debate has become one of the most important inter-school activities sponsored by the Northwest School. This year competition for places on the team was unusually keen as over thirty students participated in the tryouts.

The question for debate is "Resolved, that the Several States Enact Legislation for Compulsory Unemployment Insurance." The educational value of this question is quite apparent.

Last year proved to be the most successful season for the Aggies to date. Our teams won unanimous decisions from both the St. Paul and Morris Agricultural Schools, thus winning the State Aggie championship title. This was the first time in the history of our inter-school competitions that Morris was defeated by a unanimous verdict on her own platform. Mr. R. H. Connery, who so ably coached debate last year, has been succeeded by Mr. Denis C. McGenty, who came to us with a very enviable speech record.

The triangle debate this year will be held on the eleventh and twelfth of March. At this writing, it is not possible to announce the outcome of the two forensic battles, in which our negative travels to St. Paul and our affirmative meets Morris in our own auditorium. Regardless of the outcome, those of us who are privileged to take part in this important activity will benefit from the mental stimulus that comes from practical platform experience.
