CLASS OF 1932

Our days as students at the Northwest School will soon come to a close. We wish to take this opportunity to bid it a last farewell.

When we, the class of 1932, entered as freshmen, we had the distinction of being the largest ever to enroll at the Northwest School, with a total of one hundred and twenty-four members. Now our number has dwindled to thirty-five, of which only nineteen were members of the original class.

During our four years here, we have always tried to maintain the high standard of the school.

Our members have always played a prominent part in the different school activities.

Soon we shall be divided and scattered throughout the entire Red River Valley putting into practice what we have learned here.

Our days as Aggie students now come to a close. May the classes in the future maintain the high standards of our Alma Mater, and continually seek higher ideals.

EDWIN WIDSETH, President.
