MIXED CHORUS.—A large group of about forty girls and boys, who enjoy singing and who pass the vocal test, comprises the Mixed Chorus. During one rehearsal a week they practice the art of group singing and prepare numbers for programs. They sang on Parents' Day, Armistice Day, Thanksgiving and Winter Shows. Perhaps the climax of the year came with Commencement Week, when the final programs of the season were presented.

GIRLS' GLEE CLUB.—The twenty members of the Girls' Glee Club have worked diligently this year. Their traditional Priscilla Procession on Thanksgiving Day and the singing of Christmas carols at the Get-together Banquet added spirit to these occasions. Three-part singing since Christmas has given a chance for more blending of voices. They demonstrated this during Commencement Week.

BOYS' GLEE CLUB.—The Boys' Glee Club again joined forces with the Northwestern Association of Singers. They rehearsed and performed with them as guest singers at the annual Song Festival the last evening of Winter Shows. The boys contributed to music on assembly programs, Parents' Day, and the Music Recital which concluded an active year.
