ORCHESTRA

The Orchestra at the Northwest School has as its members, all those students who play orchestral instruments with sufficient aptitude and ease to enjoy ensemble playing. The active membership of 1932-33 represents boys and girls who play violin, trumpet, clarinet, saxophone, baritone, drums, and piano.

The orchestral organization meets two afternoons weekly. It performs at assemblies, special programs and banquets held at the school during the year. The orchestra renders numbers at the Spring Recital and makes its final appearance on Commencement. Orchestral experience and performance contributes to the enjoyment and knowledge of each individual, gives an appreciation of ensemble, and offers stimulation which comes from group harmony.

SONG CONTEST

What school event requires more class spirit and preparation, more competition and good sportsmanship than our annual Song Contest which is held in our auditorium near the end of the fall quarter? Each class fairly outdoes itself in uniform dress, correct march procedure, and interpretation of the songs.

On December 17th, the auditorium, simply decorated, was the scene of our 15th Annual Song Contest. Much expectancy and nervousness was apparent before the decision was finally made. Our student directors and accompanists carried the burden of the responsibility and led their classes admirably through the contest. The results this year were in consecutive order, beginning with the Advanced Class which received first place; Senior, second; Junior, third; and Freshman, fourth.
