SECRETARY-TREASURER	- - - - -	ESTHER HAUGO
CORRESPONDING SECRETARY	- - - - -	MARCUS WOLDEN
FACULTY ADVISER	- - - - -	MR. T. M. McCALL

The "A" club has, during its three years of life, been an active force in upholding Northwest School traditions of sportsmanship in all contests.

The "A" club certificates and membership cards sent out to all former "A" men and women have proved to be highly prized remembrances of worthwhile days spent in training for and participating in school events. That the "A" club card is a fine link in the chain which binds alumni to the school is proved by the increasing number of lettermen returning each year to the various contests and social events. "A" men are keen and alert in telling prospective students about the advantages of the Northwest School.

The "A" club went on record early in the term

favoring the elimination of duplicate letter awards to members of the debate squad, favoring instead the awarding of one "A" in debate and indicating on the "A" the number of years of service. Recent faculty action approved the idea and beginning this year debaters representing the school for the second time will each get one ruby set in their "A" and third year debaters will get both ruby and diamond settings.

The "A" club sponsors the "Honor Banquet" which is held near the close of the school year. This banquet gives fitting recognition to all members and coaches of sub-collegiate teams.

T. M. McCALL, Faculty Adviser.
