

STANLEY ALSETH

Captain, Forward, Center

Stan, playing his third year as a regular, showed some real basketball talent this year. His cool way of shooting one-handed shots from the hole was demonstrated on many occasions. The team will miss him greatly next year.

BERT SPENCE

Forward

This is Bert's first year on the team. With his ability to dribble and shoot, he has made himself very important on the team. With one year left to play he will be an important factor on next year's aggregation.

CLARENCE STROMBERG

Center, Forward

Clarence has plenty of height and basketball talent. His ability to get the ball from the backboard was demonstrated on many occasions. He has one year left to play.

KENNETH ALBERTSON

Forward

Kennie is one of the fastest men on the squad. With his ability to break fast, many baskets were made by him. He has one year left to play, and we think the school will see big things done by him next season.

RALPH SHELDON

Guard

Ralph has a certain way of shooting and dribbling that makes it hard for the opponent to guard him. This is Ralph's third and last year and we shall miss him a great deal.

PAUL BILLBERG

Guard

With his ability to fight hard and shoot well, Paul won his position on the team. He is fast and accurate which goes to make a good player. This is Paul's last year to play and he will be missed.

WILLIAM MUNBY

Student Manager

William has proved himself very valuable to the team. He is always right there when one is hurt or wounded. This is William's last year of service.

RICHARD JOHANSEN

Center

Richard has proved himself very important toward the success of the team. He was excellent at getting the ball in his possession from the backboard and he also could handle it very well. This is Richard's last year to perform on an Aggie team.

HARRY FINK

Guard, Forward

Harry is the best shot on the team. Evidence of this was shown many times for he could shoot from any place on the floor and in any position. With one more year to play, prospects seem exceptionally good for us.

LESTER MacGREGOR

Forward

This is Lester's first year on the team, and he certainly proved to be a great help. He is very clever at shooting and taking the ball from the opponent. With one year left to play, he will have a chance to show more of his basketball talent in an Aggie suit.

ELMER ROSS

Guard, Forward

This is Elmer's second year as a regular. When it comes to accurate shooting and the ability to get the ball from his opponent, the team can depend on Elmer. With one year left to play, big things are expected of him.
