Thoughts while eating breakfast: Up and got a fine razzing from my roommate for leaving window open all night. Breakfast of milk toast, french toast, bread and butter. Oh, for a grapefruit! Grant Bothum's no haberdashery fool.

Personal nomination for the best stroller on the campus—Miss Lippitt. In four years we've never seen her miss her stroll around the dining room every meal.

Mr. McGenty's mustache! Must be cool without it.

To dinner with Home Management Girls tomorrow. Must see about pressing my suit.

Must call _____, time she and I went to church.

My gracious! look at Raymond so enthralled in a blonde nymph he hardly eats his meals.

Harold Sanden suggests Edward Everett Horton blown up.

Familiar threesome, Irene, Olive and Willis. We miss Clarence.
