

Mr. Thomas M. McCall

*Twenty-fifth Anniversary Recognition*

Mr. McCall came to this school in 1911 from Iowa State College to take charge of the horticultural department of this station. Since then he has been closely associated with every phase of the growth of this institution. Trees, gardens, and shrubbery are all living monuments to his work. His horticultural experimental projects have contributed a great deal to the store of knowledge in

this field. And finally, his versatile leadership as a teacher has had an immeasurable influence in moulding the lives of the hundreds of students with whom he has come in contact.

On behalf of the students, alumni and faculty, the class of 1936 extends congratulations upon completion of twenty-five years of service to the Northwest School and Station.
