Your Best Market for LIVESTOCK Is At GRAND FORKS

The low supply of hogs and cattle brings the law of Supply and Demand actively into the picture. More and more farmers from this territory are learning that Grand Forks is now their best cash daily market for hogs and cattle.

Also, Grand Forks gives you the shortest haul, over good highways, resulting in less shrinkage—

Consequently, a greater yield for the grower.

Bring in at least *one* load—either hogs or cattle—and get acquainted with the Northern Packing Company. We are a friendly place, and we'd enjoy meeting you. A better market. Shorter haul. Less shrinkage. No commission. Spot cash.
