The year of 1936 was very successful for the football boys. They regained "Ossie", and won the Conference Championship. Captain Wentzel led his team to victory. He not only led them, but drove them. When he called a signal, the team was all ears. Widseth came close to Wentzel in being the most valuable man. When we got the ball close to our opponent's goal and old Joe started to drive, the score was easily realized. The team was composed of a powerful line and a

quick, shifty and powerful backfield. Probably the most thrilling work of the team was in the game with Grand Rapids. The boys held the opponents on our own four yard line for four downs. Freije made a spectacular tackle when a Grand Rapids man had intercepted a pass intended for one of our men. The team shows great prospects for next year. Evans has been elected Captain.
