Although the squad had rather a discouraging job in trying to win a game, they kept their good spirit till the last. The boys started the season without a captain and most of the first string men had had very little experience. The boys kept improving until at Christmas time they looked very promising. After the Christmas va-

cation the gang gave their opponents many close and hard fought games. The most outstanding of these was the game against the Park River Aggies. The boys played a tight defense and a speedy offense. The squad elected Joe Widseth captain as the season progressed.
