

Cagers

Lenes—although only a junior he plays a great game of basketball. Jimmie's got two years left and we see where he's going places.

Freije—is a veteran of the floor for the Aggies. Chan has the speed and ability that makes for a good player. He has fooled a lot of opponents in the fact that height isn't all that counts.

Hanson—has only been out for basketball for one year, but he showed great ability and is one of the leading players. It's too bad Wendell's graduating, as he would be tops in another year.

Hegreberg—is a dead shot and a good ball handler. Phil's got lots of speed and basketball ability. What more can one want to be a first stringer.
