

You are about to leave the school where you have formed cherished friendships and gained numerous experiences. I hope the friendships will continue warm and intimate and thereby prove to be one of the great assets of your lives. I hope, too, that the experiences will stand out increasingly with the years because of their value in assisting you to develop better and more progressive methods of farming and rural living. Most of all I hope your total experience in the school will be of very great help in making adjustments which are relentlessly demanded by our constantly changing world.

*Very truly yours*  
*W.C. Coffey*
