The Girls' Glee Club is under the direction of Miss Bierbauer, assisted by Miss Frykman at the piano. Regular practices are held in the auditorium each week, in preparation for performances on special occasions.

This organization has not only grown larger each year but has incorporated better talent because of the special training offered students. It is composed of twenty-nine members, many of whom are enrolled for private voice instruction.

The Glee Club has made several appearances throughout the year. It appeared on the Parents' Day Program, in the Priscilla Procession on Thanksgiving Day, and it also contributed in the presentation of the Operetta, "Chonita."
