

This is Miss Bierbauer's second year at the Northwest School. She gives private instruction in voice and directs all the singing organizations. These groups owe their success largely to her capable direction.

The Boys' Glee Club is a musical organization consisting of members selected from the student body through special tryouts.

This singing group appeared at annual events during the school term. The important events were: Parents' Day, Thanksgiving Day, and Commencement.

During the past year the boys have sung "Shortnin' Bread," "Maytime," "Song of Steel," "Hunting Song" and a score of other popular classical numbers. They also formed parts of the choruses in the Operetta.

Under the direction of Miss Bierbauer, this group has maintained its popularity throughout the school year.
