The “A” Club is an honorary organization consisting of students who have won athletic letters or the gold medal in major inter-school activities. These activities include football, basketball, stock judging, crops judging, and debate.

During the month of March, the “A” Club sponsors the Annual Honors Banquet at which time new members are formally admitted to the organization. At the Annual Alumni Reunion, held on the last Saturday in June, members of the “A” Club assist with the program for the day and evening.

Superintendent T. M. McCall has been a faculty adviser to this group since its organization in 1932. Many excellent suggestions have been made by Superintendent McCall for the consideration and the eventual adoption by the “A” Club which have improved the athletic setup at the Northwest School.
