MacGregor  
says  
to graduates:

Have a goal and strive to attain it.

Take shares in The Crookston Building & Loan Association. Pay \$1.00, \$2.50 or \$5.00 per month.

See how a regular monthly payment compounded semi-annually matures each share into \$100.00.

As many as one thousand Crookston people have in the past thirty years received \$1,000 each in the maturity of a \$5.00 monthly share payment.
