“Follow the Glean”

The Young Women's and the Young Men's Christian Associations were formed twenty-seven years ago on the Northwest School campus. Throughout their existence on the campus the two organizations have always fulfilled their duties of conducting Bible Classes each Sunday morning in Robertson Hall for the girls and in Stephens Hall for the boys. Another responsibility which this organization has always carried out is the sponsorship of the weekly Sunday evening services at which time various pastors from the city of Crookston have been invited to appear on the program. At frequent intervals the YW-YM organizations sponsor student programs at both

morning and evening services.

For the past five years the two organizations have accepted the responsibility of conducting the first student get-together program during the opening week of the fall quarter at which time all new students are presented to upper-classmen. Because of the well-planned program at this opening get-together the school year is given an excellent start.

The two organizations have been most successful because of the interest and enthusiasm as well as leadership shown by the two faculty advisers, Miss Retta Bede for the YWCA and Mr. E. R. Clark for the YMCA.

Officers of the two organizations are:
