

# ADVANCED

## CLASS ADVISERS

*Miss Grace Mary Warne . . . St. Paul*

*Mr. R. S. Dunham . . . Crookston*

The Advanced (class of '40) came to the Northwest School as freshmen in the fall of 1937. Representing all counties in northwestern Minnesota, there were 127 in the class. The following fall, as Juniors, the class was 116 strong and took an active part in all school activities. Last year 112 members of the class returned for the third year of the work. For the current school year the Advanced class claimed a membership of 72 students including the Special students who affiliate with the Advanced. With Miss Warne and Mr. Warner serving as class advisers for the second consecutive year, the class has been successful in all inter-class activities and have proven to be most capable student leaders.
