

CROSS COUNTRY

The cross country squad engaged in four meets during the fall season, winning two and losing two. Hendrum High School was defeated in the first meet of the season which was held at Hendrum. For the second appearance the Northwest runners took first place in the triangular meet run off at Homecoming time, November 9 by scoring 28 points. The Morris Aggies finished second in this meet and Hendrum finished third.

The St. Paul Aggies journeyed north to engage our runners in the annual inter-school meet and the visitors captured first place.

The final meet of the season was the invitational meet held at St. Paul where our runners made a good showing.

The enthusiasm of Coach Bennett has been greatly responsible for the interest in cross country which is only in its fourth season as a major athletic activity at the school.
