

FIELD MEET

At the conclusion of the basketball, swimming, wrestling, and hockey seasons, the annual inter-class Field Meet is held each year with all classes participating in the various swimming, wrestling, and track events. Coming as a finale to the work done in the Physical Education department, the Field Meet gives every student in school a chance to participate in the various events. Inter-class competition is very keen and class spirit runs very high. The class scoring the most points in all events is awarded the championship plaque. The 1940 Field Meet was won by the Advanced class.
