

# PARENTS VISIT CAMPUS

(Left): "You've come a long way to see me," says Milton Madsen to his father, mother, and sister. (Center): "How is everything at home, mother?" ask William and Mary Pastuck. (Right): "I'm glad you're here, Mother and Dad," says Leonard Yutzenka

**PARENTS' DAY:** Nov. 1, 700 parents guests of students and faculty for the day—classroom and laboratory visitations—football—two-course banquet—first and second generation pictures—Parents' Association business meeting—program in auditorium—home project pictures—music—style revue—skit—get-acquainted and coffee hour in gymnasium—project display—Snow White Festival—**ANOTHER GREAT PARENTS' DAY ENDED.**

With the organization of the Parents' Association, Parents Day took on a new meaning. The day also held a new attraction in the football game between the

Concordia Frosh and the Fighting Aggies; for many of the parents this was the first game that they had seen. After the first and second generation pictures were taken, the newly organized Parents' Association held its first annual business meeting. Mr. McCall presided at the program. Heimer Swanson extended a word of welcome. The 110 girls who modeled home project dresses added much color to the program. Explanation of the home project motion pictures was directed by Marion Nelson. Following the program, parents visited the gymnasium where project exhibits were open to inspection during the get-acquainted and coffee hour.
