It's eleven forty! As we enter Kiehle building we hear an array of melodious voices from the auditorium—the Girls' Glee Club has met for its weekly practice! Every individual is happy and cooperates to make the organization a success.

On Parents' Day the group makes its first appearance; Thanksgiving Day follows with the Priscilla March which awes the student

body by its splendor in both song and appearance. Also, the girls appear at frequent intervals throughout the remainder of the year and present several programs as a mixed chorus with the Boys' Glee Club.

To Miss Bierbauer, as director, and Miss Frykman, as accompanist, goes a hand for developing a splendid group of singers.
