

DEBATE

Left to right: Steffie Pastuck, Ila Grove, Eugene Storla, Miss Webster, Paul Auer, and Robert Grenier

Resolved: That every able male citizen in the United States should be required to have one year of full time military training before reaching the present draft age.

Reading, reading, and more reading; that is how the debaters utilize their time, continually searching for sufficient data to establish their arguments. The present world crisis has lessened the debatable possibilities of the question. Rather than drop the question the conference schools decided to continue debate for this year, and are considering possibilities of discussion rather than debate for the coming year.

Practice debates have been held with neighboring schools. In the triangular meet the negative team goes to St. Paul; the Morris negative team comes here. The debaters representing the Northwest School in the inter-school meets are awarded gold medals upon conclusion of the debate season.

To Miss Webster, who has been debate coach for two years, goes much credit for guiding the debaters in preparing convincing discussions on both sides of the question.
