## WRESTLING

This is the fourth year in which wrestling has been a major sport. Wrestling is a very strenuous sport and the boys have to be in the pink of condition at all times. To do this, and to acquire the necessary technique, the boys practice daily. Until the second semester this sport was coached by Mr. Edward Bennett when illness made it impossible for him to carry on. The team missed his enthusiasm and direction for they were keenly aware of his value as a coach. The team was led by Captain Dahlsad during Mr. Bennett's absence and his help was valuable for he was the 1942 conference champion in the 121 pound division. The team has had time trials periodically in order to prepare for the annual Minnesota Agricultural School tournament which will be held this spring. The boys are hoping to bring home the trophy for the winning team which is now held by St. Paul.
