When the mighty portals of the Northwest School swung open early last fall, one hundred and five new freshmen rushed in. Quickly adapting themselves to their environment, they took a high place in scholarship, athletics, and music.

Miss Schanke and Mr. Naplin were elected as class advisers. Under their able direction, the freshmen took third place in the outdoor festival and in the Christmas song contest.

With Miss Trengove as their program chairman, our 1944 "greenies" put on one of the best series of Wednesday assembly programs we can remember.

The freshmen have selected a very capable group of officers, and under their excellent leadership and fine example, the class of 1946 expects to make great progress.
