The development and growing interest in the Girls' Glee Club was proved by the fifty girls who joined the organization this fall. Under the direction of Miss Hanson together with the accompanist, Miss Schanke, the girl singers attend scheduled rehearsals once a week.

Some of the songs the club has sung in their public appearances are: "Sunset," "Beauteous Night," "Silver Eyes," and "Life Has Loveliness to Sell."

We congratulate the girls on their interest and ability, and hope they will continue singing in future years.
