Every Monday morning, a group of fifteen full-throated vocalists gather together in the Kiehle Auditorium to test their pitch, control their tone, and exhibit their talent. Under the direction of Miss Georgene Hanson, and accompanied by Miss Jean Schanke, the student singers come out from all four classes to gain musical knowledge and have fun.

The Boys Glee Club always makes a few public appearances during the year. This year their public was the audience at some of the winter Sunday evening chapel services.
