

## *Dedication*

### TO THE NORTHWEST SCHOOL ALUMNI AND FACULTY IN THE ARMED SERVICE

Our country is now at war. Our people and the people of our Allies are pooling their resources of blood, sweat and toil that they may deliver a death blow to men and nations who destroy the tranquility of the world.

It is to the alumni and faculty of the Northwest School who are now serving with the United States Armed Forces that we wish to give recognition. We wish to acknowledge their loyalty, their determination and courage, and to dedicate to them this 1944 Aggie with wishes for a speedy and decisive victory.
