Although the 1943 swimming team was handicapped by having to work without a coach, the team, under the leadership of Captain Jack Christensen, developed a record of which they can be proud. Those winning letters were Bob Johnston, Jollis Hillman, and Dick Bonner.

This year four of the 1943 squad returned, and the prospects were bright. Under the leadership of Dick Bonner, who was elected captain, the swimmers met five times a week in order to condition themselves for the season. With the efficient coaching of Mr. Bennett, the team looked forward to a good showing at the conference in the spring. Those who participated in the meets were awarded A's and service bars.
