been sacrificed in World War II. He placed a wreath on the monument as a fitting token of our remembrance and this act was accented by the salute of the firing squad and the symbolic notes of taps from a distance.

Festivities proceeded with the serving of a delicious dinner to the parents in the dining hall. Members of the faculty served as hosts and hostesses.

Early in the afternoon the Parents' Association held their annual meeting in the auditorium with President V. M. Gibbons presiding. After the reports of officers and various committees, the parents were privileged to hear Dr. C. H. Bailey, dean and director, college of Agriculture and Experiment station, University of Minnesota.

A program of entertainment for the parents was presented in the auditorium at two o'clock. Supt. T. M. McCall again presided and introduced the members of the faculty to the audience after a band number under the direction of Miss Hanson.

Kenneth Price, the advanced class president, spoke a sincere greeting of welcome to the parents and guests. Succeeding events on the program were a piano solo by Kent Hanson, a girls' Home-Ec demonstration, a performance of the combined glee clubs directed by Miss Hanson, an interview of boys in home project work, and two selections by the advanced choir. The final feature on the program was the one-act play, **The Passing of Chow-Chow**, put on by members of the Play Production Class.

The coffee hour held in the gymnasium gave the parents opportunity to meet members of the faculty, inspect the home project displays and renew former school friendships. For those who remained to the end of the successful day a movie was shown at eight o'clock. This doubly significant occasion filled us with a greater realization of our good fortune and responsibility as members of both our school and world communities.
