

Senior Class Play

The Senior class of 1944 presented their play, "Don't Take My Penny" on March 17.

This hilarious three act play concerned a stage-struck girl and her family which was just typically ordinary and unique enough to command both the understanding and the interest of the audience. Under the direction of Miss Martha Jean Trengove, the play was a stimulating experience for all concerned in the production and a successful and highly entertaining performance for the audience.
