## Senior Class History

On October 4, 1943, one hundred five eager, green students registered for the freshman class. At their first class meeting they elected Miss Jean Schanke and Mr. Alvin Naplin for their class advisers. They then elected their class officers who led them through their first year at the Northwest School.

In the many activities of that first year, their great eagerness and enthusiasm registered them as an advancing class. They came third in the annual song contest and later came through third in the annual inter-class field meet.

The summer vacation was soon upon them, but more quickly passed, and they resumed their classes as juniors. Miss Schanke left us and Miss Audrey Linde was chosen as our new adviser.

In their junior year they again took third place in the song contest and second place in the annual field meet. For the most part of that year they spent in preparing for the greatest event of their school life, the junior-senior banquet and prom. Through the cooperation and enthusiasm of all the class members the prom was an all-around success. The "Deep Blue Sea" theme was very beautifully worked out to give a glorious atmosphere to a wonderful and long remembered evening.

In the fall of 1945 the students again returned with more ego than ever to complete their senior year. Mr. Naplin left us to enter the Navy and Mr. Alvin Nordvold was elected to take his place as a class adviser. The greatest achievement of their third year was the winning of first place in the annual song contest. The publication of the annual has been the chief concern of the seniors this year.

And so Commencement Day is coming and we will graduate from the senior year and return as advanced with the thought that there is always more to do and more to be achieved.

In remembrance of our three years we leave to you this—our Aggie.
