**October 20**

The Aggies were going on their sixth game of the season. This should have been but neither seemed to be able to outrun the other and the result was a tie.

**October 26**

The Rggies were going on their sixth game of the season. This should have been one of the best games of the season, but due to poor blocking and ball handling we lost 0-6 to Crookston Central High School.

**November 10**

This was the last game of the season and perhaps the best played game in which each player did his best. This was a game with Morris in which both teams were fighting for the victory trophy and the Conference Championship. The score turned out 18-0 in the Aggies' favor. Morris played a clean and hard game.
